

# Interruption of L4 CryoSat-2/SMOS operational data processing due to SMOS safe mode

Generation of the operational (near real-time) L4 CryoSat-2/SMOS product will be temporarily discontinued from March 1st 2024 onwards due to the [Interruption of SMOS L3C data processing](#). Production will be resumed as soon as SMOS data is available again. Updated will be posted here.

The reprocessed L4 CryoSat-2/SMOS product is currently not affected.
