

# Resources

It is a valuable feature that additional information or context material can be assigned in [registry.awi.de](https://registry.awi.de) directly. These resources can be of different type:

Available resource types

| systemName              | id  | description   | uuid                                 |
|-------------------------|-----|---|--------------------------------------|
| Article                 | 23  | An Article  | 478b137a-2aa2-40c9-8de0-258913996702 |
| Calibration_Certificate | 9   | Calibration Certificate   | 3384fbdd-f45e-4dbb-ba89-2f11b97c9945 |
| Configuration_Sheet     | 306 |   | 0f2806a0-c940-4569-a91a-a6d42c0fe066 |
| Data_Description        | 520 | describe your data format   | eab86b83-1517-4b36-b44a-050f2c9fc80b |
| Factsheet               | 31  | Factsheet   | f8a8fb43-7691-4acf-adbb-4a6f470d6ab2 |
| Platform_article        | 320 | Article describing platform published in Journal of Large-Scale Research Facility                                   | d73d6a11-8996-4f53-9637-1aad8a3dbef7 |
| Repository              | 489 | Supports adding the URL to a repository outside AWI (e.g. for seismological and geomagnetic data from Neumayer III) | f8711b4e-904c-469f-9a39-726883af833f |
| User_Manual             | 8   | User Manual   | 5970ccec-8bf8-46df-bcae-09cc24775e31 |
| Web_site                | 217 | Web site  | 68fc4cc1-1572-4a8c-bca9-9e602d720106 |

Resources can be added either as an already available entry in [registry.awi.de](https://registry.awi.de). It might take a while, but it is worthy and eye-opening what is in there. Or you can add new resources, either by direct upload from your local computer or by submission of a link.
