

# Access data archive dms.awi.de

## Introduction

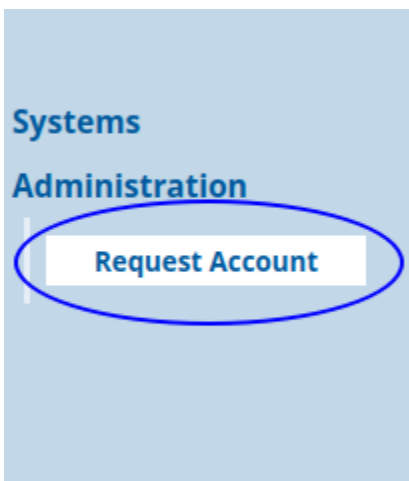

All acquired research aircraft campaign data is made available in the longterm data archive at <https://dms.awi.de>. Users can register here to access and extract datasets or data files. Data access might be restricted for recent campaigns and registered users may request access rights.

## Register new user

1. In your web browser go to: <https://dms.awi.de>
2. Enter your mail address, NO password and click "Login as guest"

3. In the navigation menu on the left choose Administration / Request Account

4. In the shown form enter all required information:
  - a. If you have an AWI eAccount:  
You should choose "[x] AWI LDAP User". You will then just have to re-enter your email address.  
Your DMS user will automatically be linked to your AWI eAccount (including password and expiration date).
  - b. If you do not have an AWI eAccount:  
Fill the form and as notice enter your intention which data / campaign to access and to which group / scientific project you belong to.
5. Press "Submit".
6. We will receive your request and process it in normally 1-2 working days time.
